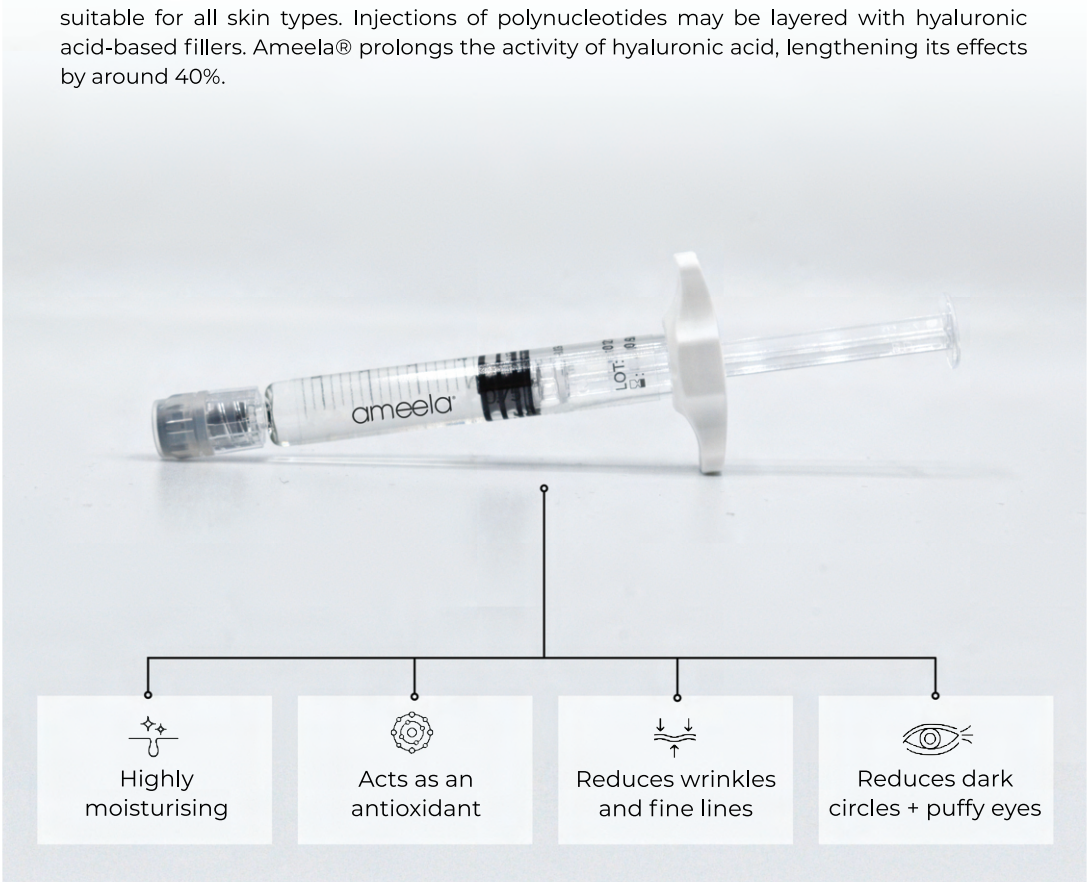
DISCOVER POLYNUCLEOTIDES

Discover ameela®

THE SECRET TO FIRM AND HYDRATED SKIN

Ameela® is an innovative injectable solution based on natural polymerized polynucleotides. It is a highly moisturising gel that restores skin firmness and elasticity, and ensures healthy skin that is protected against cellular damage. A lift in skin structure is visible after just a few minutes!

The production of collagen gives a strong, specific lifting and revitalising effect that is suitable for all skin types. Injections of polynucleotides may be layered with hyaluronic acid-based fillers. Ameela® prolongs the activity of hyaluronic acid, lengthening its effects by around 40%.



ameela® eyes

Treats the periocular area

Reduces eyebags, dark circles and wrinkles

Ameela® Eyes reduces eyebags and periocular wrinkles. It also thickens and restructures the tissue around the eyes, resulting in an improvement of superficial wrinkles without the use of fillers.

INDICATIONS
Dehydrated Skin
Periocular Wrinkles
Dark Circles
Puffy Eye Area

Concentration: 15mg of Polymerised Polynucleotides (7.5mg p/ml)

ameela® rejuvenation

Treats the eyes, face, neck and hair

Tightens the skin and reduces wrinkles

Ameela® Rejuvenation restores skin tone and elasticity on the face, neck, hair and hands, reduces wrinkles and fine lines, and improves dehydration and deep hollowing in the periocular area.

INDICATIONS
Deep tear trough
Periocular hollowing
Neck & decolletage
Hair & hands
Bio-stimulation

Concentration: 40mg of Polymerised Polynucleotides (20mg p/ml)

ameela® face

Treats the face and jawline
Improves skin tone and skin tightening

Ameela® Face improves skin tone and elasticity, reduces wrinkles and fine lines, and results in faster healing and tissue improvement as a post-surgery treatment.

INDICATIONS
Dehydrated Skin
Skin Laxity
Skin Tightening
Contouring
Bio-stimulation

Concentration: 50mg of Polymerised Polynucleotides (25mg p/ml)

ameela®

SESSIONS
2-3 sessions approximately 2-3 weeks apart

RESULTS
-22.5% wrinkles after just 3 treatments

MAINTENANCE
1 treatment every 6-9 months
